LINNEAN BOTANIC GARDEN AND NURSERIES

NEAR NEW YORK.

William Robert Prince & Co.

Thirty-Second Edition.

To all correspondents and botanical amateurs.—In consequence of the demise of Wm. Prince, the former proprietor, who died the past year at the advanced age of 75 years, the establishment has come into possession of the present proprietors—who, in transmitting their catalogue, announce to their correspondents throughout the world that they have renovated the whole business of the establishment, and that all orders will be executed, and all business transacted with the utmost accuracy and dispatch. They mention this because from the great age of the former proprietor, he could not for some years past well attend to extending its business, and had necessarily to entrust its operations very much to other hands employed for the purpose, and who consequently could not feel any real interest in its prosperity, or in extending its affairs.

As the steam ships now form the most rapid medium of communication, we recommend that they be made the preferable medium of correspondence.

The following catalogues relative to the different departments of the establishment, may be obtained gratis of the different agents, or by direct application to the proprietor:—

No. 1. Fruit and Hardy Ornamental Trees, Shrubs and Plants—pp. 72.

2. Bulbous and Tuberous rooted Plants—pp. 48.

3. Greenhouse Trees, Shrubs and Plants—pp. 38.

4. American Indigenous Trees, Shrubs, Plants and Seeds—pp. 48.

5. A Catalogue of Garden and Agricultural Seeds.

BOOKS.—Prince's Treatise on Horticulture 75 cents.

Treatise on the Vine \$1.50

Treatise on Fruits 2.00

VALUE OF MONEY.

\$1, or dollar, contains 100 cents, and is equal to four shillings and six pence (British) sterling; or to five francs and thirty centimes of France; or to two and a half guilders of Holland.

22 cents make one shilling sterling.

19 cents are equal to one franc of France.

40 cents are equal to one Dutch guilder.

\$1 is equivalent to one dollar and ten groschen Saxon currency, or to one and a half dollars Prussian currency.

VALEUR DE L'ARGENT.

\$1 ou un dollar contient cent eents, & est égal à quatre shelings & six pence sterling, de la Grand Bretagne, ou à cinq francs trente centimes de France, ou à deux et demi florins de la Hollande.

22 cents font un shelling sterling.

19 cents forment ou font un franc de France.

40 cents valent un florin Hollandaïs.

\$1 est équivalent à un dollar et demi de Prusse, ou à un goud et neuf groschen d'argent de Saxon.

MESURES AND WEIGHTS.

A bushel of seeds contains 32 quarts, or 8 gallons.

A quart is the quarter of a gallon.

A lb. is nearly the same as the lb. of Europe.

31 Prussian loth are equal to 3 lb.

A Prussian scheffel is equal to 1 1/3 bushels.

N. B. Where no prices are stated in the Catalogue for seeds, packages can be put up at 25 cents each, or upwards.

MESURES & POIDS.

Un bushel (boisseau) de semences contient 32 quarts ou 8 gallons.

Le quart est la quatrième partie d'un gallon.

Une lb. est à peu près égale à la lb. (livre) de l'Europe.

31 loth de Prusse sont égale à une lb. ou livre.

Un scheffel de Prusse est égale à 1 1/3 bushels.

Trois boisseaux de France sont égale à un bushel.

Deux lb. ou livres font un kilogram.

N. B. Quant à ces espèces où il n'y a point de prix fixé—on peut fournir des paquets à 25 cents pour chaque espèce, ou pour une somme d'autant plus considérable qu'on peut en demander.
